I, the builder and/or owner and/or agent and/or master of the above-mentioned ship, request MIS Ship Design to perform all necessary tests, inspection on the ship, & engineering assessment associated to the above request.

I agree to indemnify the ship designer from the consequences of any damages when performing any test or inspection. I also understand that any additional work outside from the agreed scope of work in the quote will be charged separately and bills are payable on receipt. If bills remain unpaid for 14 days of becoming due for payment, interest may be charged on the unpaid amount at a rate prescribed by a debt collection agency or under the attached terms and condition of the company.
